I am a dedicated and enthusiastic MERN stack developer, recently graduated with a strong foundation in MongoDB, Express.js, React, and Node.js. My academic projects have honed my skills in developing full-stack web applications, and I am eager to apply my knowledge in a professional setting. I am committed to writing clean, efficient code and am constantly learning and adapting to new technologies. I am excited to contribute to innovative projects and grow as a developer in a collaborative team environment.
